

Explore the world of RNA

Join us in exploring the exciting world of RNA using next-generation sequencing (NGS), qPCR, microarrays, and much more

Whether you're new to the world of RNA or you're a seasoned professional, there's something for everyone at our free RNA event—from isolation, handling, and RNA quality checks to analysis workflows and data analysis.

We'll provide guidance on how to optimise your research, whether you focus on individual transcripts or whole transcriptomes. During this event, you'll learn about:

- Gene expression profiling
- Pathway analysis
- Gene fusion detection
- MicroRNA analysis
- Biomarker discovery
- The latest tips and resources to help maximise your success
- The latest Applied Biosystems™, Invitrogen™, and Ion Torrent™ products
- Information on products from Affymetrix™, part of Thermo Fisher Scientific

To register for the event and for more information, please contact your local representative:

Your local representative: Jeanne Kirk Halkjær

Email address: jeanne.halkjar@thermofisher.com

Direkte tilmelding via mail, senest d. 06-04-2018 via mail til jeanne.halkjar@thermofisher.com

Event details

Event name: RNA Expressions event.

Date: 11-04-2018

Time: 9-12

Location: iNANO, Gustav Wieds Vej 14, 8000 Århus.
Lokale 1593-222

ThermoFisher
