

MBG FOCUS TALK

hosted by Gregers Rom Andersen, Structural Biology

Tuesday 21-3-2017 10:30-11:30

Conference room building 3130

Tomas Lundqvist,

Life Science Director MAX IV

New scientific opportunities for Life Science at MAX IV

A delegation from MAX IV will describe the new scientific opportunities emerging at MAX IV for Life Science. In addition to Tomas Lundqvist, also present will be

Marjolein Thunnissen, MX BioMAX MicroMAX,
<https://www.maxiv.lu.se/accelerators-beamlines/beamlines/biomax/>

Ann Terry, CoSAXS
<https://www.maxiv.lu.se/accelerators-beamlines/beamlines/cosaxs/>

Kajsa Sigfridsson Clauss, BALDER
<https://www.maxiv.lu.se/accelerators-beamlines/beamlines/balder/>

After the lecture an open discussion will take place between the audience and the MAX IV staff where your wishes for the future life science work at MAX IV can be discussed. this discussion may continue until 12.30
