

# Non-coding RNA-mediated regulation of gene expression

Thomas B Hansen, [tbh@mbg.au.dk](mailto:tbh@mbg.au.dk),

ncRNA lab, 317-1130 (biokæden)

Using cell-line manipulation, old-school molecular biology, high-throughput techniques and computational pipelines, we try to dissect and understand the production and function of non-coding RNAs:

## The typical workflow and techniques:
