

Annual Meeting 2017 - Programme

Department of Molecular Biology and Genetics – Aarhus University
Friday 16 June 2017 - The Lakeside Lecture Theatres (Søauditorierne)

- 08:30–09:30 Coffee/tea & bread rolls + company exhibition
- 09:30–09:35 Opening remarks by Simona Radutoiu
- 09:35–09:45 Welcome by the Head of Department Erik Østergaard Jensen
- 09:45–10:30 **Invited speaker: Rubina Raja**, Aarhus University, "Dirt, data and dating. Perspectives from an archaeological DNRF centre"
- 10:30–11:15 Scientific Session 1. Chair: Anne von Philipsborn
Søren Lykke-Andersen: "A new function for an ancient RNA: a cis-acting snoRNA controls NOP56 autoregulation"
Dennis Pedersen: "Structural and functional insight into the regulation of the human complement system by properdin"
Palle Duun Rohde: "The genetic architecture of behavioral response to methylphenidate predicted from gene networks"
- 11:15–11:30 **Group photo** of all staff and students (in the auditorium/or outside)
- 11:30–13:30 Lunch and poster session/exhibitors
- 13:30–14:15 Scientific Session 2. Chair: Christian Kroun Damgaard
Henrik Brinch-Pedersen: "Tomorrow's crops"
Jørgen Kjems: "CellPAT"
Poul Nissen: "Can we bridge between different levels of neuroscience?"
- 14:15–14:45 **Prize ceremony**
 Exhibitors' prizes
 Teaching awards for the Best Lecturer of the Year and the Best Student Lecturer of the Year
- 14:45–15:15 Coffee break
- 15:15–16:00 **Invited speaker: Morten Allentoft**, Natural History Museum of Denmark, University of Copenhagen: "Ancient DNA - a window to the past"
- 16:00–16:05 Concluding remarks
-
- 18:30–01:00 **Reception, dinner, and party** in at the canteen of "Stakladen" (AU Main Canteen), building 1423.
