

MBG FOCUS TALK

hosted by MBG - Structural Biology

Monday 29th April 2019 from 11:00-11:45

MBG/ENG Seminar Room (3141-1.08), Gustav Wieds Vej 10, 8000 Aarhus C

By Prof. Henning Tidow

Fachbereich Chemie - Universität Hamburg, Germany

Structural studies of integral membrane proteins using stealth carrier nanodiscs

I will present recent results on deuterium labelled 'stealth carrier' nanodiscs (sND) that are effectively invisible to low-resolution neutron diffraction and enable structural studies of integrated membrane proteins in a lipidic native-like solution environment.

Hosted by Assistant Prof. Bjørn P. Pedersen, Dept. of Molecular Biology and Genetics, AU

The MBG Focus Talks are organised by
