

# THE KJELDGAARD LECTURE SERIES IN MOLECULAR BIOLOGY

## Programme for Spring 2020

- 20 February  
at 13:15     **Paul Saftig** (Christian Albrechts University Kiel, Germany)  
*The lysosome in health and disease*  
Joint Lecture between MBG and DANDRITE  
**Host: Poul Henning Jensen**
- 19 March  
at 13:15     **Simon Alberti** (Max Planck Institute, Dresden, Germany)  
*Phase separation as an organizing principle in biology and disease*  
**Host: Magnus Kjærgaard**
- 7 May  
at 13:15     **Jijie Chai** (Max Planck Institute, Germany)  
*To be announced*  
**Host: Simona Radutoiu**
- 4 June  
at 13:15     **Roman Jerala** (National Institute of Chemistry, Slovenia)  
*Designed Coiled-coil Protein Origami Nanostructures*  
**Host: Magnus Kjærgaard**
